SIR,

Licence - Rectified spirits - Possession and use in manufacture of fruit essences - Application for The Indian Fruit Essence Co., 4, Andree Road, Bangal Issue at concession rate.

---

I forward herewith the application received from - Messrs. John Prioris and S. Vajravelu Mudaliar requesting grant of licence for the possession of rectified spirit, concession rate, for use in the manufacture of fruit essen required in the preparation of aerated waters.

The presence of spirit in the essences is not require if the drinks are to be used at once, but if they are to be kept for sale in the market for a number of days spirit is necessary as a preventive.

As the spirit is required for an industrial purpose an the quantity to be used would be small, I recommend that the concession asked for may be granted fixing the quantity to be used at 20 gallons per annum.

The issue of spirit will be made under departmental supervision.

Subject:- Re: rectified spirit required for Municipal Dispensaries.

---

I have the honour to request you kindly to obtain the sanction of the Hon'ble the Resident for the exemption from the payment of duty on 3 gallons of spirit instead of two gallons as was allowed in previous years. The supply of 2 gallons was for three dispensaries. Now that we have four dispensaries, the above quantity is found insufficient and hence the necessity for one more gallon.
